**RECENT PROJECTS COMPLETED AT RKA**

**RIVERWALK RETREAT: Design Phase**  
An eco-lux tourism resort located in the green hills of northern Jamaica. Beyond LEED certification this resort is built with, and for the betterment of, the local community using resources immediately available in an energy conscious design.

**ST. ALBANS CHURCH: Design Phase**  
A new sanctuary and renovation of existing family center building. This project required extended presentation phase to include input from all Owner/agencies, community boards and DOB.

**BRADHURST DEVELOPMENT Phase II Site A**  
Seven existing buildings joined together forming 54 apartments.

**MAYFLOWER PUMPING STATION**  
A new building with \$25 Million construction cost. RKA was called into the development team late in the design phase – and produced an innovative and efficient circulation plan along with an award winning façade. On time and on budget.

As well as several NYC Restaurants and Private Residences.
